

Come learn about Hawaii Water Service's Water and Wastewater Rates and Services

Wednesday, February 21, 2018 • Anytime from 5-7 p.m.

Waikoloa Village Association Community Room
68-1792 Melia Street • Waikoloa Village, HI 96738

Hawaii Water Service recently filed a rate case with the Hawaii Public Utilities Commission (PUC) to recover costs on improving and operating the water and wastewater system. We invite you to join us at an informal meet-and-greet and learn more about what impacts water and wastewater rates. You'll also get information on recent capital improvements, water quality, conservation, operations, and customer service.

**Please note that this is not a formal public hearing, which will be set by the PUC at a later date.*

Email customerservice@hawaiiwaterservice.com or call (877) 886-7784 for details. Refreshments will be served.
