WEST HAWAII SEWER COMPANY ENERGY USE AND EFFICIENCY REPORT

(For the quarter ended March 31st, 2018)

In Ordering Paragraph No. 6 of Decision and Order No. 32926 filed in Docket No. 2012-0147 on June 22, 2015, the Hawaii Public Utilities Commission (the "Commission") ordered West Hawaii Sewer Company ("WHSC") to file quarterly energy use and efficiency reports with the Commission.

The following is an update on WHSC's efforts toward reducing energy consumption and increasing energy efficiency.

1. In the First Quarter of 2018 a new project was undertaken to begin the change-out of various electrical lights in the Baseyard Warehouse and Shop area with equivalent luminosity energy-saving LEDs.
